

Indigo™

thinking inside the box

Duratech™ exterior provides superior corrosion resistance. Stainless steel finish with innovative clear-coat resists fingerprints and dirt. Warranty: Three years parts and labor, five years compressor and evaporator. Unless noted, all ice machines are air cooled, 24½"D and single phase. Ice Machines: UL, NSF. Storage Bins: NSF.

The Indigo™ series by Manitowoc uncomplicates everything about the ice making process. The “6 Shades of Indigo” presented here highlight the features and benefits of this innovative line.

Scan this code to view a video about the Indigo Series Ice Machines on your mobile device.

INTELLIGENT DIAGNOSTICS

Internal communication system offers constant monitoring of refrigeration and sub-system controls which means that when issues arise they are immediately noted and can be addressed, reducing labor and machine downtime.

EASY READ DISPLAY

Easy-to-read display panel offers staff prompts for things like adding sanitizer or checking the water or air filter. The display panel alerts you when issues arise.

ACTIVE CLEAN

A simple push of a button begins the cleaning process and then automatically returns to ice production mode after cleaning cycle ends. Alpha San® antimicrobial protection is molded into select foodzone plastic components to minimize the frequency of cleaning.

ICE ASSURANCE

Revolutionary acoustical ice-sensing technology accurately measures ice thickness for consistent cube formation and operates in challenging water conditions. Customizable ice production levels ensure ice is there when you need it and production is shut off when you don't.

ENERGY MANAGEMENT

Customizable ice making schedule allows for fluctuations in daily levels of production. Ice production levels can be scheduled by day-of-week or time-of-day to take advantage of lower nighttime energy rates.

SERVICE AND SUPPORT

Quick, reliable diagnosis of an ice machine is essential to keep operations running smoothly. Manitowoc's Indigo series gathers information 24 hours a day, enabling quick and accurate diagnosis of any problem.

30" Wide Cubers & Bins (Sold Separately).

	PRODUCTION	STYLE	H	VOLTS	LBS.	
3774783	310 Lbs.	Dice	16½"	115	149	\$2,339.00
